Summary

High-energy Business Development professional who bridges the gap between complex engineering and high-impact sales. Combining a B.Tech in Computer Science with a proven track record in PR and strategic outreach, I specialize in translating technical jargon into compelling business value. Relentless in lead generation and market growth, I leverage deep technical literacy to open doors and drive client engagement in the global market.

Core Competencies

Sales & Outreach: Lead Generation, Prospecting, Public Relations, and Market Research.
Communication: Pitching, Stakeholder Management, Presentation, and Team Collaboration.
Leadership: Strategic Planning, Project Management, and Rapid Learning.
Technical Literacy: CRM Familiarity, Data Analysis for Business Insights, and AI-Driven Productivity.
Data Visualization & Tools: Figma, PowerPoint, Canva, Streamlit, Matplotlib, Seaborn, Google Colab, Excel.

Projects

Market Risk & Fraud Analysis Tool (ClaimGuard) [GitHub](#)

- Insight Generation: Analyzed datasets of 100,000+ entries to identify key factors influencing risk, providing actionable business intelligence.
- Explainable Reporting: Developed a reporting system that translated complex risk data into “plain-language” explanations for non-technical decision-makers.

Community Financial Operations Platform (Chaupal) [GitHub](#)

- Operations Management: Engineered a centralized system to manage financial requests and loan applications for community groups.
- Data Strategy: Implemented dynamic sorting and filtering tools to allow for efficient analysis of large-scale financial data.
- Reporting: Created custom data export functionalities to facilitate reporting for external stakeholders.

Leadership & Outreach Experience

Public Relations & Outreach Specialist Health-o-Tech Club, VIT Bhopal
Strategic Outreach and Engagement Specialist Apr 2024 – Dec 2025

- Lead Generation: Developed and executed strategic outreach plans to increase organization visibility and user engagement.
- Stakeholder Management: Acted as the primary point of contact for external partners, effectively pitching club initiatives to drive participation.
- Market Growth: Managed multi-channel communication strategies that resulted in a measurable increase in student enrollment and event attendance.

Organizational Lead (Tech Team) Edu4UClub, VIT Bhopal
Technical Team Lead Feb 2023 – Jan 2026

- Team Leadership: Directed a core team to design and implement systems that optimized organizational workflow.
- Process Optimization: Streamlined internal communication protocols, reducing project delivery timelines and enhancing overall productivity.
- Strategic Planning: Collaborated with senior leadership to align technical projects with broader organizational growth targets.

Education

Vellore Institute of Technology Bhopal, Madhya Pradesh | 2026
Bachelor of Technology in Computer Science | CGPA: 7.81 / 10.0
